

European Copper Chimney Pots

EUROPEAN COPPER CHIMNEY POTS

The patented, European Copper Chimney Pots meet the highest technical standards through it's UL-Listing and compliance with International Building Codes. They provide the finishing touch a fine chimney deserves. Viewed from the ground level, a chimney pot can appear too small if not sized properly. For the best aesthetic results, we recommend selecting a chimney pot that is approximately 15 percent of the overall chimney height. The European Copper chimney pots are unique in that they are compatible with both masonry and metal flue, giving you more options and a consistent quality look.

Pawn

COPPER: EC-O-1924-1-CO
GRAY: EC-O-1924-1-GR
Weight 17 lbs | Height 25" | Base 20"

King
